## SAY GOODBYE TO RANGE ANXIETY

EV Charging Just Got Easier

You can download the free ChargePoint app on your mobile phone or visit [www.chargepoint.com](http://www.chargepoint.com) and select Find Stations on the upper right corner of the page to get station details. Features include:

**Real-time Availability** - See if a station is available or in use to ensure you never navigate to a busy station.

**Start a Charge** - Start and stop charging with just one tap.

**Notifications** - Get real-time updates about your charging status.

**Charging Status** - See miles added based on your car model, the cost of your session and the amount of time and energy used since you've been plugged-in.

**Filter** - Only see stations compatible with your car.

**Map** - View and navigate to thousands of charging stations from all major charging networks.

**My Spots** - Favorite charging locations and easily access recently visited stations.

**Satellite View** - Find stations down to the parking spot.

**Navigate Your Way** - Get turn-by-turn directions using the navigation app of your choice like Waze, Google Maps and Apple Maps.

The North Florida Transportation Planning Organization (TPO) launched the ChargeWell electric vehicle charging program in 2015 as part of their Clean Fuels initiative.

Partnering with JEA, the initial phase of ChargeWell is doubling access to EV infrastructure in the JEA service area. To learn more about JEA visit:
