F. STAFF PRESENTATION ON THE DRAFT FY 2024/25 THROUGH FY 2028/29 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

Elizabeth De Jesus informed the group every year, as part of the TIP approval process, it is our goal to provide the Board and committee members a first draft in April for review. In May, we would present a refined draft with approval in June. This schedule is dependent on receipt of project information from FDOT in February/March each year. Unfortunately, FDOT experienced a statewide delay in providing the TIP data to all MPOs, creating a need to adjust our schedule. This month we are presenting a complete draft of the TIP with approval being requested in June. Comments are due June 2. Please submit comments via email to Jennifer Lott, through the TIP tool, the comment form on our website, or an in-person comment during the virtual TIP meetings.

The following projects from the FY 2024 through FY 2028 TIP that are not included in the draft FY 2025 through FY 2029 TIP are listed below.

- **2132601** – I-295 (SR 9A) from north of New Kings Road to south of I-95 North Interchange

- **4461291** – Hilliard Airpark Hangar Development

Ms. De Jesus asked for questions.

- Miriam Hill wanted to know if you use the “Add Comment” feature within the TIP tool where do the comments go.

Mr. Sheffield responded the comments will be populated directly to us. That feature can be turned on and off by staff.

- Miriam Hill wanted to know if public comments are open to everyone regardless of where they live.

Mr. Sheffield responded that is correct.

G. LONG RANGE TRANSPORTATION (LRTP) UPDATE

Mr. Page asked for questions. There were no questions at this time.

H. SMART NORTH FLORIDA UPDATE

Jeff Sheffield informed the group Secretary Evans and District 2 have been sharing problem statements with SNF who in turn find solutions through technology and innovation.

- Jimmy Peluso asked if there was a drone demonstration last month.

Mr. Sheffield responded the demonstration is being rescheduled. The startup, Blue Vigil, needed a little more time to make sure all the kinks were worked out.

- Mr. Sheffield reminded the Board members we need their participation at the June meeting to ensure we have all our required obligations taken care of.

I. EXECUTIVE DIRECTOR'S REPORT

Jeff Sheffield informed the group of the following.

- Federal certification took place May 2. Mr. Sheffield thanked Achaia Brown, Victoria Kutney, Jeremy Norsworthy and Zan Traversa for attending and being available to answer questions. The Feds are impressed with our level of coordination with our transportation partners. One member of the federal team brought up the fact that we do not have documented coordination with our transit partners. Mr. Sheffield responded the TPO does not need to have documented coordination, as our transit partners are imbedded in our daily

processes. He thanked those Board members that offered comments, and recognized Secretary Evans for his participation and our continued partnership with FDOT.

J. SECRETARY OF TRANSPORTATION'S REPORT

Jim Knight informed the group FDOT is still awaiting the status of the earmarks and how it will affect the work program.
